STUNNING FINISHES BY ULTIMA

POLISHED

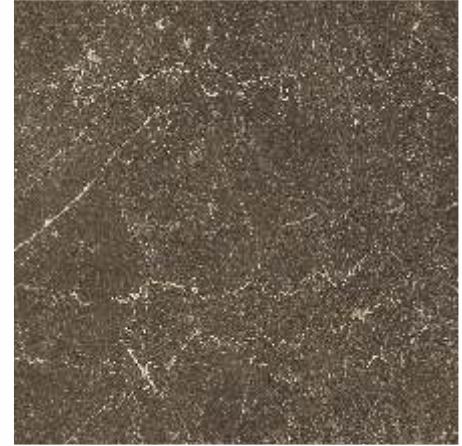

A spectacular mirror like effect is what you get in this superior finish. The highly polished look of these slabs is achieved with a thicker coat of glaze, enhancing image sharpness and giving you a rich and true colour experience.

SUPER WHITE

Super White finish stands at an impressive 93% on the L-value Scale, lending it the purest of white hues. Its super white colour adds sophistication to any living space, while creating an illusion of a white space, brightened with natural light.

MARBLETECH

Our Marbletech finish is the closest thing to natural marble. The marble-look is achieved with a special glaze coated on top of the design. Along with that, an elaborate polishing process gives the slab a marble-like smooth feel and shine.

MATT

Durable and slip resistant, these slabs are a perfect choice for indoors as well as outdoors. The matt finish complements perfectly with your vision of creating spaces that look traditional and rustic.

GLOSSMATT

With a unique gloss and matt finish, Glossmatt is amongst the first technical body slabs to carry a dual effect. Some areas appear rough, while others look shiny and smooth, which can not only be seen, but also be touched and felt by hand.

METALLICSTREAK

A metallic finish slab is unlike anything you have seen before. A special technique is employed to give an authentic metallic look and feel. Stylish streaks enhance the aesthetic appeal and render a unique fusion.

CARVING

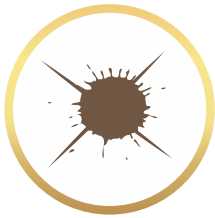

Carving finish gives crevices and grains across the surface of the slab, which can only be found in natural marbles and wood. Come, feel each grain by hand and witness the technologically advanced creation of ultimate beauty.

ROTOMATT

Rotomatt is the perfect choice to achieve a timeless, classic look. The elegant, traditional hues of this finish render a relaxing character to your spaces. Slabs of the finish give you the creative flexibility to style your rooms, the way you like.
